December 2017

Since July 1971, this private collection of printed railway documents from pre grouping and pre nationalisation railway companies based in the UK; has sought to expand it's collection with the aim of obtaining a printed sample from each independent railway company which operated (or obtained it's act of parliament and started construction). There were over 1,500 such companies and to date the Rail Archive has sourced samples from over 800 of these companies.

Early in 2001 the collection needed to be assessed for insurance purposes to identify a suitable premium. The premium cost was significant enough to warrant a more secure and sustainable future for the collection. In 2002 The Rail Archive was set up with the following objectives:

- secure an on-going future for the collection in a public institution
- reduce the insurance premium
- continue to add to the collection
- add a private collection of railway photographs from 1970's onwards
- provide a public access facility
- promote the collection
- ensure that the collection remains together in perpetuity where practical
- ensure that sufficient finances were in place to achieve to above objectives

The archive is now retained by The Bodleian Library in Oxford to deliver the above objectives.

This guide which gives details of paperwork in the collection and a list of railway companies from which material is wanted. The aim is to collect an item of printed paperwork from each UK railway company ever opened. All the railway companies, from which examples of paperwork are held, appear in alphabetical order with the date of the document shown. After the date an alphabetical code indicates the type of paperwork held, please see the index below. If you would like access to the collection please see page 33 for details, many of the items are now in the care of the Bodleian Library in Oxford where they can be accessed through the purchase of a readers ticket.

On the following pages is a list of railways from which various examples of paperwork are held. Some of these items are available for exchange but the majority are one single item, I am however, open to offers.

The following list of companies are those from which samples of paperwork are held, most are just one single item and those indicated by a 'Z' in the right hand column is where additional samples are sought. '#' next to the company name indicates that only a hand written sample is held (these are not sought after) and a printed sample from this company is wanted. The spellings are as shown on the documents and may not be the modern equivalent.

Access to the Collection

Access to the East Anglia items:

Access to items located in East Anglia can be arranged by prior appointment only and you should contact the archivist by clicking here: [archivist](#) specifying what you would like to see. The venue to access the collection is usually at the Nelson Hotel opposite Norwich Railway station and can only be arranged at times acceptable to the voluntary archivist.

Research

The best resources so far found for detailed research on UK Railway companies are the following:

Books:

Bradshaw's shareholders directories and timetables*
The David & Charles series "A Regional History of the Railways of Great Britain"
An Historical Geography of the Railways of the British Isles by Ernest Carter*
Railway Company Minute Books at the National Archive Offices
Railway ancestors by David T Hawkins (PRO publication)
Railway Records a guide to sources by Cliff Edwards (PRO publication)
Johnson's Atlas & Gazetteer of the Railways of Ireland by Stephen Johnson
The Railways of Great Britain A Historical Atlas Col. M H Cobb
Directory of the Railway Companies of Great Britain by Donald J Grant

**Whilst these are a useful publications inaccuracies have been noted*

Internet resources

One of the best found so far is Ewan Crawford's

www.railbrit.co.uk

Also Mathew's <http://www.railmaponline.com/UKIEMap.php> is a brilliant piece of on going work. Some details may be found on Wikipedia sites but this data is always suspect as it is placed by individuals who are not always 100% and resources shown may be dubious.

http://en.wikipedia.org/wiki/List_of_railway_companies_involved_in_the_1923_grouping

The National Archives have a huge collection of railway documents and a search through the site is well worth the effort. <http://www.nationalarchives.gov.uk/>

[The Railway & Canal Historical Society.](#)

For family research and a comprehensive list of railway company absorptions Roger Nixon's site is invaluable and is at: <http://www.railwayancestors.org.uk/research.html>. There are also railway staff records from 1833 to 1963 available to search through www.ancestry.co.uk.

National Archives:

Access to Archives (A2A) - the fully searchable online catalogue operated by The National Archives

The A2A website www.nationalarchives.gov.uk/a2a contains a fully searchable database of the items held locally in England and Wales, for instance in County Record Offices. Some hints for users of the database. If you want to find precise titles, such as "Great Western", use quotation marks.

To find collections in particular repositories start by using the ARCHON Directory www.nationalarchives.gov.uk/archon. A link is in place from the bottom of the relevant ARCHON page to A2A. If you click on this link you will be taken to a list on A2A of all the records held at a particular repository.

Some items added recently to archives, which are included in A2A, might not be included in the A2A database. Once you have found an archive, which contains relevant information, it may be worthwhile clicking on the 'Catalogue in Full' link just above the middle of the A2A screen. You may find useful additional details by checking the references within their original context.

A useful addition is a record of all Records of the privately owned railway companies (and their predecessors) taken over by the British Transport Commission under the Transport Act 1947 is here: <http://tinyurl.com/box5dk5>

Based at Ruskin Avenue, Kew, Richmond, Surrey, TW9 4DU (020 8876 3444). This repository, formerly known as the Public Record Office, contains the principal records of the railway, canal and associated companies which came to be nationalised in 1948 (class RAIL) and of the British Transport Commission, Railway Executive and British Railways Board (class AN). Class AN also contains the records of the Road Haulage Executive, Road Passenger Executive and Docks & Inland Waterways Executive; also British Road Services (to 1968) and some records of the Transport Holding Company. The railway records include administrative and staff records and timetables; and there are canal administrative records (records relating to some navigations are held in other collections in the PRO). Maps, plans and photographs are found in these collections and elsewhere. The former British Transport Historical Records Library contains printed books and pamphlets (class ZLIB) and periodicals (class ZPER) covering the period 1694-1982, much of it issued by operators themselves; and the private collection of W. E. Hayward relates mainly to minor railways. The PRO Library (open access) includes Acts of Parliament, a strong collection of books and periodicals on local history, and some railway periodicals. The National Archives also maintains the National Register of Archives (listing documents in other collections), which can be searched, online. Access by public transport: Kew Gardens station (National Rail/London Underground) is nearby.

National Railway Museum (NRM)

The National Railway Museum has a large collection of documents but only a very small selection of these are ever displayed. To access the NRM collection you will need to make an

appointment through the NRM research and archive section:
<http://www.nrm.org.uk/ResearchAndArchive.aspx>

Archives held by Network Rail

Network Rail hold a significant collection of drawings and documents which they inherited from British Rail (via Railtrack). The collection cannot be accessed by the public. However you can write to them for information and details are contained in the link below.

www.networkrail.co.uk/VirtualArchive/AboutTheArchive

National Archives of Ireland: Bishop Street, Dublin 8, Republic of Ireland (00 353 1 407 2300). The archives here most likely to be of interest to transport historians are those of the Office of Public Works which from its establishment in 1831 took various responsibilities for inland waterways, roads, harbours, and supervision of railways.

National Archives of Scotland:

If you are looking for information on railways in Scotland, the Scottish Archive Network (www.scan.org.uk) provides a searchable online catalogue for the National Archives of Scotland and over 50 other archives.

Based at HM General Register House, 2 Princes Street, Edinburgh, EH1 3YY (0131 535 1314) and at the Scottish Railway Archive at West Register House, Charlotte Square, Edinburgh, EH2 4DJ. You are strongly advised to telephone beforehand to check the location of the records you are interested in. For more details of the collections, choose 'The Collections' from the NAS home page, and then select Transport Records. The Scottish Railway Archive contains official records of Scottish railway companies and their canal and shipping constituents, including minutes and reports, letter books, deeds and agreements, circulars, locomotive, rolling stock and civil engineers records, station traffic books, accident reports, and staff records. The NAS also holds an important collection of specialised books and periodicals on transport subjects, mostly inherited from the old railway companies and dating back to the 1840s, as well as timetables, publicity material, engineering and architectural drawings and photographs.

National Monuments Record Centre: Kemble Drive, Swindon, SN2 2GZ (01703 414600). Headquarters of the Royal Commission on the Historical Monuments of England (in the former Great Western Railway works general office building); holds extensive pictorial records of England's built heritage, including Rokeby collection of railway station photographs and Aerofilms and other aerial photographic cover. Search room also in London. Images commercially available from Heritage Image Partnership. Access by public transport: Swindon station (National Rail) nearby.

Portcullis Archive Catalogue: House of Lords Record Office, House of Lords, London, SW1A 0PW (020 7219 3074). There is an electronic catalogue containing descriptions of around 3 million records held by the Parliamentary Archives. Contains records of Parliamentary proceedings on the Private Bills which were the normal means by which canals, turnpike trusts, railways, harbour authorities and similar undertakings sought to be incorporated and given powers to construct and operate their works.

Public Record Office of Northern Ireland: 66 Balmoral Avenue, Belfast, BT9 6NY (028 90 251318). Includes records of the Ulster Transport Authority and constituents (including Belfast Corporation Transport and the Northern Ireland Road Transport Board) 1820-1976, together with other items relating to railway companies received as private deposits, and of the Ministries of Commerce and Home Affairs (later, Development), having responsibility for transport. The Cooper collection also contains some relevant material.

[Transport for London Group Archives and Records Management](#): Ground Floor, Wing-over-Station, 55 Broadway, London, SW1H 0BD (020 7918 4142). Company archives for London Transport, its predecessors and successors.
